## **test voice-port start**

```
test voice-port <NUM> start
```

<NUM> – FXS-, [1..3].

1

ROOT

:

```
esr# test voice-port 3 start
Voice-port 3 test started. The result will be available in 80 seconds, or more if the test run on other ports.
```

## **test voice-port status**

```
test voice-port <NUM> status
```

<NUM> – FXS-, [1..3].

1

ROOT

:

```
esr# test voice-port 3 status
Testing voice-port 3 is idle
Last test start: Sat May 20 16:01:37 2017
Number voip-port 3
  Foreign DC voltage A (TIP):    0.128377 U
  Foreign DC voltage B (RING):   0.144342 U
  Foreign AC voltage A (TIP):    0.026239 U
  Foreign AC voltage B (RING):   0.032287 U
  Cross current:                0.260343 mA
  Longitudinal current:         -0.101857 mA
  Line supply voltage:          -50.370598 U
